

Converting Inventory from Cash Clog to Cash Flow

Before Little Tommy's Plumbing Shop in Highland Park, Ill. had consistent inventory controls, business suffered. Shelves were too full or too empty, technicians were tied up in unbillable supply house trips, and data insights into usage and ordering were nonexistent. With inventory intelligence and auto-replenishment from Hodes Co., Tommy's trucks now have the right supplies in stock, less cash is locked up in inventory, and technicians can spend more time with customers and less time on parts runs.

Tom Mahoney calls it like he sees it. A true tradesman and entrepreneur, he deals with reality, is honest with himself and his employees, and works hard to make the best of any situation.

His inventory had become a problem and he was clear-eyed in his assessment.

"We had very few inventory expense controls, messy stock shelves, and no discipline on ordering," Mahoney said. "It was costing me thousands each month."

Little Tommy's serves Chicago's North Shore and the well-heeled suburbs of Deerfield, Glencoe, Highland Park, Highwood, Kenilworth, Lake Forest, and Wilmette. The company's nine technicians focus primarily on residential projects, with a small percentage of new construction and commercial projects as part of the mix as well.

Mahoney is the first to admit that as a plumber at heart, with a busy and

"We've always put our customers and our people first and didn't spend much time on internal systems to make our business run better, but when I took a hard look at the dollars at stake with our inventory, I knew we had to do something."

Tom Mahoney

Little Tommy's
Plumbing Shop

growing business, parts inventory was never a priority.

"We've always put our customers and our people first and didn't spend much time on internal systems to make our business run better," Mahoney said. "But when I took a hard look at the dollars at stake with our inventory, I knew we had to do something."

Mahoney decided to dig in and take a harder look at his inventory problems. He knew there had to be a better way.

The Basics of Good Inventory Control

Not quite sure where to begin, Mahoney's first step was to research the fundamentals of inventory best practices.

PAINS & GAINS

Pains

- Little Tommy's Plumbing shop had little to no visibility or controls on parts inventory management.
- Parts storage was a disorganized and ordering was done haphazardly.
- Technicians spent too much time searching for parts and making special trips to supply houses.

Gains

- Parts inventory visibility, ordering and reporting have been digitized and automated.
- Technician trucks are properly stocked and trips to supply houses are way down.
- Billable percentages are now at more than 63 percent for Tommy's technicians, and customers are more likely to get their problems fixed on the first visit.

"I started asking around, doing research, and began working with Joe Hodes to help me fix this problem," Mahoney said. "Joe's been studying this problem and delivering solutions to it for years."

Mahoney started with the basics. He had to educate himself and his employees on the costs and implications of bad inventory management and why it needed to be fixed. He needed to give everyone a reason to care.

"Paychecks come from profits, it's that simple," Mahoney said. "When we take care of inventory, we take care of our paychecks."

Mahoney also adopted what Hodes Co. refers to as the five cardinal rules of inventory management:

We're tying up less capital, spending more wisely, and actually making a profit on our parts inventory because we know our margins and what we need to charge. It's made a six-figure difference in our annual revenues.

- Tom Mahoney

1. **Establish an approved stock list.** Know your most popular parts and keep them on hand.
2. **Determine minimums and maximums.** Put parameters on quantities to control expenses and ensure in-stock availability.
3. **Maintain a clean shop.** Assign and use organized bins with barcodes to create a place for everything and put everything in its place.
4. **Stock new orders as soon as you get them.** New inventory should be stored in the right place immediately.
5. **Limit access to inventory.** Allow only certain employees to remove inventory from your shelves and track it carefully for auditing and analytics.

Following these principles has paid off for Mahoney and his employees. Inventory is no longer a black box to be ignored. It's understood and carefully managed. The shop is cleaner, and parts are easier to stock and find.

Perhaps most importantly, technicians are maintaining billable averages of 63 percent or more.

Mahoney also has better inventory visibility and reporting on his top 500 parts. Order histories, pending orders, and costs are all accessible via Hodes Co.'s online customer portal.

Mahoney said the operational benefits have a ripple effect across his whole business.

"Our technicians can do their jobs better, we're saving money, and our customers have a better overall experience because jobs are completed in a timelier way, with much less back and forth to supply houses," Mahoney said. "Customers don't care about supplies; they just want their problems fixed fast and we're able to do that with smarter inventory management."

Mahoney said the financial benefits are easy to quantify as well.

"We're tying up less capital, spending more wisely, and actually making a profit on our parts inventory because we know our margins and what we need to charge," Mahoney said. "It's made a six-figure difference in our annual revenues."

ROSSITE & BIO-ROSS

The Legendary
Rossite
Granulated Drain Cleaner

Danger—Contains Caustic Soda!

This product is produced solely for use by professional plumbing contractors and specifically should not be used by unqualified consumers.

Those who resell these products should be covered by their OWN product liability insurance.

There is nothing like it! Rossite goes further and cleans drains better. Will not crystallize.

Rossite is made from an exclusive and PATENTED formula that has been developed for the particular use of the plumbing trade. Plumbers prefer it because **Rossite** boils its way through obstinate stoppages with a Rapid Triple Action that does twice the work in half the time...and **without disagreeable odors.**

Scientific tests prove that **Rossite** is better!

Tests prove **Rossite** is the only product on the market that will, when activated, maintain a temperature of **200° or more**—for over 12 minutes! This is the real secret to **ROSSITE's** success.

Rossite is poured directly into the drain. Followed by a little water, it will open and clear stoppages caused by hair, lint, vegetable matter, grease, etc. Also **very effective for thawing frozen drains, stacks and flush tanks.** **Will not harm enamelware, pipes and connectors.**

Do not use in disposers or on aluminum. Always flush with cold water.

DRAIN CLEANERS

CHEMICALS
COMPOUNDS, TOOLS
UTILITY & HVAC

STRIP CLOSET BOWL & URINAL CLEANER

REMOVES SCALE

The sure way to eliminate SCALE, LIME, RUST, SODIUM, MAGNESIUM, CALCIUM, URINARY SALTS, CONCRETE, PLASTER, or other water-bearing solids. DESTROYS ODORS.

STRIP, with RODINE 213, does not affect metals (except aluminum) and is harmless to vitreousware, pipes, and connections. Chrome plate and nickel WILL tarnish if not rinsed off immediately.

STRIP can be used full strength or diluted, depending on the cleaning application and the amount of deposit to be removed.

For Urinals and Toilet Bowls: Remove standing water. Pour about 12 ounces of STRIP into bowl and allow to stand 10 to 15 minutes. If stains and urinary deposits are also on the sides and under the flush rim, use a small hand mop or a rag wrapped around a toilet brush to clean the stained area. FLUSH THE BOWL SEVERAL TIMES.

For General External Cleaning: Place part or equipment to be cleaned in a glass, porcelain, crockery, or plastic container and cover completely with STRIP. Allow part to remain 15 minutes or until part is clean. In cleaning parts that are impractical to immerse, use a brush or mop to thoroughly apply STRIP until deposit or stain has been removed. WASH THOROUGHLY WITH WATER.

For General Internal Cleaning: For cleaning items such as hot water coils, unit heaters, etc., introduce STRIP through the appropriate opening. If this is not practical, a piece of pipe or tubing can be attached and filled with STRIP. When part is clean, DRAIN AND FLUSH WITH WATER.

For Cleaning Brick and Tile: Prepare a solution containing 1 part STRIP and 4 parts water. Use a brush dipped in the solution to scrub brick or tile facing. Wear goggles. USE RUBBER GLOVES and protect person and clothing. Do not apply to mortar. WASH THOROUGHLY WITH WATER.

ROOTROL ROOT ELIMINATOR

**CONTAINS COPPER
SULFATE WHICH IS NOT
ALLOWED IN ALL AREAS.
PLEASE CHECK YOUR
LOCAL CODES**

ROOTROL is the wonder-working chemical for eliminating ROOT and FUNGUS growth. In most cases it gives complete satisfaction overnight. ROOTROL is another exclusive creation formulated only by us. It is harmless to the skin and clothing as it contains no caustic soda. ROOTROL is readily assimilated by ROOTS, which become paralyzed. After a short while decomposition takes place, causing the roots to slough away like rusty water.

ROOTROL has a spreading action like oil on water and will coat the entire inside of pipe through which it flows, that way affecting growth entering from top or bottom of sewer line.

Contains 4 - 8oz bags per 2 lb. can.

LIQUID ALIVE BACTERIA

WITH INSTANT ODOR CONTROL

LIQUID ENZYME TREATMENT!

NON-CAUSTIC

FOR WEEKLY DRAIN LINE
MAINTENANCE

DIGESTS AND LIQUEFIES WASTE PLUS IMMEDIATE MALODOR NEUTRALIZATION

ADVANTAGES

- Digests organic waste
- Non-toxic
- Eliminates strong odors
- Liquefies fats, proteins, carbohydrates & grease
- Harmless to marine & animal life
- Produces aerobic & anaerobic enzyme strains
- Excellent shelf life
- Use after any "caustic" or "sulfuric acid" cleaner to eliminate odor instantly
- Non-acid or alkaline
- Non-pathogenic
- Good initial odor control
- Reduces BOD & COD
- Harmless to plants
- Easily applied
- Contains no additives—100% effective

AREAS OF USE

Grease Traps	Drains & Mains	Septic Tanks	Porta-Toilets
RV Toilet Tanks	Marine Toilet Tanks	Cesspools	Drains Fields
Sump Pumps	Dry Wells	Ponds	Lagoons
Holding Tanks	Sewage Waste Plants	Industrial Waste Plants	Homes

RECOMMENDED FOR

Feed Lots	Homes	Hog Parlors	Stockyards
Veterinarians	Commercial Buildings	Pulp & Paper Mills	Hotels
Public Restrooms	Dairy Industries	Apartment Complexes	Motels
Food Processing Plants	Nursing Homes	Ranches	Farms
Oil Field Slushpits	Boats & Marinas	Hospitals	Zoos
Restaurants & Cafeterias	Institutions/Schools	Municipalities	Plants

LIQUID ALIVE is a suspension treatment consisting of specially developed bacteria, aerobic, anaerobic, and facultative in nature. The bacteria are harmless to animal and marine life and are non-pathogenic. **They eliminate the foul odors** and gases it produces. **LIQUID ALIVE** not only masks odors, it eliminates their causes. **LIQUID ALIVE** cannot rest in the presence of organic waste materials; it must process them. Once their job is done they immediately concentrate on building their colony population up to full strength. As soon as new waste comes into their presence they swing into action. Anywhere in your plumbing system (elbows, bends, joints and traps) where solid waste can accumulate **LIQUID ALIVE** can build a colony and eliminate the cause of sluggish drains and odor. **LIQUID ALIVE** can be sprayed on flat surfaces to eliminate organic odor in carpets, from urine, vomit, waste, etc.—or poured into ponds and lakes to control organic odor—safely.

WATER ALARM

Great for Add-On Sales or Marketing Item

The Water Alarm™ has been developed to detect even the smallest amounts of water before damage can occur. Placing water alarms in critical spots throughout the home can go a long way to ensure your customers' home will be protected from the expense and destruction of water damage.

- 1 per box - 80 per case
- Simple installation - Set anywhere problem moisture could occur
- Safe to use around children and pets
- Very affordable, outfit a home for less than the insurance deductible
- One year warranty
- Extra-loud alarm sounds at 110+ db for up to 72 hours
- Outer shell constructed of durable ABS plastic
- Operates on a standard 9-volt battery (not included)
- Low battery warning - chirps when battery is low
- Long battery life - new batteries required once a year
- Sensors detect even small amounts of moisture before damage can occur; no standing water required
- Sensors are stainless steel - will not corrode or stain
- Completely electronic - no moving parts to fail or wear out

Use our Full Color Service Call Back Adhesive Label # 95-515 (Size 1" x 2-5/8" - See other side) to personalize these with your company name and phone number. Buy a case of 80 alarms and we will provide you with the labels for them for free!

Great Service Label Item!
See page 235.

- A leaky or overflowing toilet can cause major floor, wall and cabinetry damage.

- Eliminate water heater bursts by detecting moisture at the first sign of leakage

- Washing machine leaks are some of the most common and most destructive. The Water Alarm™ is essential even with an overflow tray

- Keep a Water Alarm™ near your water line's main valve
- Use the Water Alarm™ anywhere problems might occur

- Even a few drops from pipes under leaky sinks or disposal units can rot whole sections of expensive cabinetry

- Dishwasher leaks are far too common and often go unnoticed until they ruin floors and cabinetry.

Item #	Description	Price 1	Price 2
90-952	Water Alarm	21.53	18.95
91-394	9 Volt Alkaline Battery	3.35	2.95

SEWAGE PUMP 4/10 HP

- 4/10 horsepower
- 4,440 GPH (74 GPM) at 10 ft. lift
- Cast-iron/stainless-steel construction
- Energy-efficient permanent split capacitor (PSC) motor
- With 10' cord

Item #	Description	Price 1	Price 2
55-016	Sewage Pump - 4/10 HP	249.94	219.95

(E7055-NS)

SEWAGE PUMP 1/2 HP

- 1/2 horsepower
- 5,340 GPH (89 GPM) at 10 ft. lift
- Cast-iron construction
- Energy-efficient permanent split capacitor (PSC) motor
- With 10' cord

Item #	Description	Price 1	Price 2
55-017	Sewage Pump - 1/2 HP	323.81	284.95

(CL7)

CLENIT™ PUMP AND PIT CLEANER

- Removes iron ochre, the red slime buildup, from your sump system and pit
- Helps to keep your pump and pit healthy
- Great solution for periodic pit maintenance
- Easy to Use
- Pour Clenit™ into your sump system
- Allow the proprietary powder to attack the iron ochre
- Fill your pit with water so that your pump evacuates the pit and expels the iron ochre

Item #	Description	Price 1	Price 2
55-023	Clenit - Pump and Pit Cleaner	55.63	48.95

UTILITY & HVAC**

(PHCC-1000)

PRO SERIES 1000 BACKUP PUMP

- 1,000 GPH at 10-foot lift
- Battery NOT included. See item number 55-018
- 12-volt DC sump pump with decades of proven reliability
- Dual float switches for added reliability
- Automatically switches to battery power when AC fails

Item #	Description	Price 1	Price 2
55-009	Backup Sump Pump 1000	227.22	199.95

(PHCC-1850)

PRO SERIES 1850 BACKUP PUMP

- 1,850 GPH at 10 ft. lift
- Battery NOT included. See item number 55-018
- 12-volt DC sump pump with decades of proven reliability
- Dual float switches for added reliability
- Automatically switches to battery power when AC fails
- Remote monitoring capability with additional Pro Series CONNECT Modules allow you to receive real time alerts

Item #	Description	Price 1	Price 2
55-006	Backup Sump Pump 1850	363.58	319.95

(PHCC-2400)

PRO SERIES 2400 BACKUP PUMP

- 2,400 GPH at 10-foot lift
- Battery NOT included. See item number 55-018
- 12-volt DC sump pump with decades of proven reliability
- (2) Caged dual float switches for added reliability
- Automatically switches to battery power when AC fails
- Remote monitoring capability with additional Pro Series CONNECT Modules allow you to receive real-time alerts

Item #	Description	Price 1	Price 2
55-012	Backup System 2400	659.03	579.95

(PWA-360)

360° WATER ALARM

- Patented design allows the device to sense water on any side
- Detects as little as 1/32" of water
- Small size (2-3/8" x 1" x 3-1/4") fits in tight spaces
- Loud 110 dB alarm easy to hear anywhere in the house

Item #	Description	Price 1	Price 2
55-007	360° Water Alarm	21.53	18.95

(PWA2)

WATER ALARM WITH 3.5 MM ACCESSORY JACK

- Minimize the risk of water damage
- Detect leaks before they become bigger problem by placing a Pro Series water alarm wherever there is a risk of water damage

Item #	Description	Price 1	Price 2
55-008	Water Alarm	16.99	14.95

(VSC2)

(PS-MP)

QUICK CONNECT PIPE FOR SUMP PUMP

- Save time not having to cut, drill, prime and glue PVC
- Save on cost of adapters, PVC, primer and cement
- Total length of pipe: 14-1/4"

Item #	Description	Price 1	Price 2
55-005	Quick Connect Pipe	27.22	23.95

(VS)

VERTICAL SWITCH

- Can be used in clear water and sewage applications
- Piggy-back plug (120 VAC) version - no controller (VS)
- 10' Float cord
- Mounts to discharge pipe with included stainless steel hose clamp
- Activation level is adjustable

Item #	Description	Price 1	Price 2
55-004	Vertical Switch for Sump Pumps	77.22	67.95

- Can be used in clear water and sewage applications
- The internal switching mechanism has sealed gold contacts for reliable high cycle operation
- Detachable float switch allows the wire to feed through the pit cover for easy installation and maintenance
- Mounts to discharge pipe with included stainless steel hose clamp
- Activation level is adjustable
- Activates pump weekly to exercise and extend pump life
- Pump run time is adjustable
- Monitors pump and power conditions and sounds an alarm when problems are detected
- Visual/audible notification and recommended maintenance remedy

Item #	Description	Price 1	Price 2
55-015	Vertical Float Switch with Deluxe Controller	104.49	91.95

(HWF)

HIGH WATER FLOAT

- Sends an alert by text or e-mail when the water reaches the high water float
- OPTIONAL add-on for use with the WiFi Module

**GRUNDFOS
COMFORT SYSTEM
RETROFIT - HOT WATER
RECIRCULATION**

The Grundfos Comfort System is a pump and valve combination that delivers you hot water in an instant to any faucet or bath in your home.

- Built-in timer & linecord
- Retrofits to existing plumbing
- No return line required - Installs in less than one hour
- No electricity needed under the sink
- Uses less energy than a 25-watt light bulb
- Can save up to 16,000 gallons of water per year, per household

Item #	Description	Price 1	Price 2
56-500	Comfort System (Shown)	431.76	379.95
56-501	Comfort Valve Only	90.85	79.95
56-502	(2) 1/2" FNPS x 12" SS Hoses	15.85	13.95

**GRUNDFOS UP10-16B5 ATLC
NEW CONSTRUCTION - HOT WATER
RECIRCULATION**

- Unique Wet Rotor Design
- Conserves Water and Energy
- 1/2" Sweat with 115V Line cord
- Maintenance Free with Whisper quiet operation
- Built-in Timer, Power Cord and Aquastat
- Integrated Check Valve and Isolation Valve

Grundfos innovation offers the only traditional recirculation solution that provides all of the answers in one package. You pull the dedicated return line, the circulator does the rest.

Item #	Description	Price 1	Price 2
56-510	Hot Water Recirculator	482.95	425.00

**GRUNDFOS SUPERBRUTE
3-SPEED CIRCULATOR PUMPS**

- 3 pumps replace 37 competitor pumps – always have the right circulator
- Quick connect terminals – for easy installation
- Removable check valve – eliminates the need for an in-line flow check
- Patented electronic starting unit provides the highest starting torque of any circulators in its class (UPS15-58 only)
- Ceramic bearings – ensures years of quiet, trouble free operation
- Internal lip seal and filter – keeps debris out of rotor can
- Backed by an industry leading three-year warranty

FLOOD GUARDS

To prevent basement flooding flood-guard operates like a check valve to seal off water back-up caused by overloaded sewers. Water flows normally through the drain until the sewer begins to back-up. Then the flood-guard float rises to seal off the drain opening until the water recedes.

"Get Swet"

WHY USE JET SWET?

- Quick work on all full-port ball & gate valves & fittings
- Solder with water in lines
- Repair copper pipe
- Repair PVC pipe
- Change MIP or FIP fittings
- Working pressure up to 60 PSI
- Available in sizes 1/2" thru 4"

**HEAVY-DUTY
CARRYING CASE
AVAILABLE
HOLDS SIZES 1/2" TO 2"**

- Eliminates:
- Water Syphoning
- Main valve seeping water
- Bread clogging lines
- Freon to freeze the lines

The replacement for "plumbers bread". Finally the Plumber has a low cost and highly effective way to solve the age old problem of having to wait for the water to drain before he can solder.

The Jet Swet tool eliminates the need to wait for the water to stop draining or siphoning before you can solder copper or glue PVC pipes. The tools insert through a valve or fitting to seal off the water so that they may be replaced, water free. When repairing pinholes in a water line, valves or unions can be installed to keep the water away from the repair. This new technique developed by a working master plumber makes repair and replacement work safe where there is a water siphoning danger. Works on most full port gate and ball valves. Also allows male and female fittings to be replaced or installed. Kit contains up to six sizes with carrying case. 1/2", 3/4", 1", 1-1/4", 1-1/2", 2".

- 3/4" female hose connection

Item #	Description	Price 1	Price 2
91-250	Water Test Gauge	15.85	13.95

WATER TEST GAUGE

- 2-1/2" Gauge throttle plug
- 0-300 PSI dial unbreakable face
- 3/4" female hose connection

Excellent to determine if P/T valve is leaking from failure or if leaking is caused by surge or excessive pressures. (Attach gauge to Boiler Drain Valve overnight.) LAZY hand operates over entire gauge range of 0-300 psi.

Regular pressure hand (shown at zero) pushes LAZY hand (shown at 250 lbs.) to peak operating or surge pressure point where it remains until you manually reset it.

- Repairs all 50 series models

Item #	Description	Price 1	Price 2
55-054	Genuine Zoeller Switch	41.99	36.95

SPRINKLER HEAD

- Made in USA
- 1/2" connection
- 5 mm bulb - 155° globe head
- Listed by Underwriters Laboratories for wet sprinkler systems conforming to NFPA 13,13D, and 13R

Item #	Description	Price 1	Price 2
42-008	Upright Sprinkler Head	13.58	11.95

AUTOMATIC TRAP VENT

- ABS plastic
- 1-1/2" MIP

50 PER CASE

Item #	Description	Price 1	Price 2
53-230	Automatic Trap Vent	2.26	1.99

DISHWASHER AIR GAP

- Prevents waste from backing up into dishwasher
- No moving parts
- UPC/IAPMO approved

12 PER BOX

Item #	Description	Price 1	Price 2
51-401	Plastic Air Gap	2.22	1.95
51-403	Air Gap Cover Only	.57	.50
51-404	White Air Gap (Cap Only)	11.31	9.95
51-405	Brushed Nickle Gap (Cap Only)	12.44	10.95

DISHWASHER DISPOSER CONNECTOR

- Four step sleeve with two adjustable steel clamps
- Packed in individual bag

Item #	Description	Price 1	Price 2
51-398	Connector w/2 worm gear clamps	1.99	1.75

DISHWASHER DISPOSER CONNECTOR

- Four step sleeve with two adjustable steel clamps
- Packed in individual bag

Item #	Description	Price 1	Price 2
51-394	Connector with two S.S. clamps	.57	.50

DISHWASHER DISPOSER CONNECTOR

- Four step sleeve with four adjustable steel clamps
- Packed in individual bag

Item #	Description	Price 1	Price 2
51-399	Connector with four S.S. clamps	1.70	1.50

FERNCO DISHWASHER DISPOSER CONNECTOR

(DWC-100)

Item #	Description	Price 1	Price 2
51-395	Disposer Connector	5.11	4.50

HOSE GRIP CONNECTOR

- For standard laundry standpipe drains

Item #	Description	Price 1	Price 2
70-840	Hose grip connector	6.76	5.95

CLOTH INSERTED NEOPRENE HOSE FOR DISHWASHER DRAIN

- Cloth inserted

SOLD IN COIL OF 50 FEET ONLY

PRICED PER FOOT

Item #	Description	Price 1	Price 2
51-411	5/8" ID	2.03	1.79
51-412	7/8" ID	3.17	2.79

DISHWASHER DISPOSER CONNECTOR KIT

- Includes rubber disposal adapter (7/8" x 5/8")
- (2) S.S. hose clamps
- (1) 5/8" barb fitting

Item #	Description	Price 1	Price 2
51-425	Dishwasher Disposal Connector Kit	3.35	2.95

Price 1	Price 2

**PVC
INSIDE PIPE
FIT DRAIN
W/CHROME PLATED
ROUND STRAINER**

- For applications where adjustments are required after concrete poured
- Drain can be glued into the pipe to create a level surface
- Strainer has chrome plated finish
- Drain is constructed from high-impact PVC

Item #	Description	Price 1	Price 2
53-257	3" with 3-1/2" CP Strainer	31.76	27.95
53-255	4" With 4-1/2" CP Strainer	43.13	37.95

**PVC
INSIDE PIPE FIT
CLEANOUT
WITH NICKEL BRONZE
ROUND COVER**

- Made in USA
- Installed after concrete is poured
- No mess with protective tape
- Save time with installation

Item #	Description	Price 1	Price 2
53-266	3" PVC Cleanout w/ 3-1/2" Cover	34.03	29.95
53-267	4" PVC Cleanout w/ 4-1/2" Cover	51.08	44.95

**PVC
INSIDE PIPE
FIT CLEANOUT
WITH CAST IRON
ROUND COVER**

- Made in USA
- Installed after concrete is poured
- No mess with protective tape
- Save time with installation

Item #	Description	Price 1	Price 2
53-268	4" PVC Cleanout w/ 4-1/2" Cover	39.72	34.95

**TRAP TAP
FOR FLOOR
DRAIN**

- Use With:
5/8" ID hose, 7/8" ID hose,
1/2" PVC Pipe (glued, using a coupling) or
3/4" PVC Pipe (glued, no coupling needed)
- Installation kit includes: fitting, stainless steel self-tapping mounting screw and rubber washer

Item #	Description	Price 1	Price 2
53-500	Trap Tap for Floor Drains	11.31	9.95

**GENERAL PURPOSE
PVC WITH
STAINLESS STEEL
DRAIN**

- Fits over 2" schedule 40 DWV pipe or inside 3" schedule 40 DWV pipe

Item #	Description	Price 1	Price 2
53-282	2"-3" PVC Drain	9.03	7.95

**PVC
INSIDE PIPE
FIT DRAIN
WITH NICKEL BRONZE
ROUND STRAINER**

- Made in USA
- Installed after concrete is poured
- No mess with protective tape
- Save time with installation

Item #	Description	Price 1	Price 2
53-264	3" PVC Drain w/3-1/2" Strainer	26.70	23.50
53-265	4" PVC Drain w/4-1/2" Strainer	38.58	33.95

**TERMINATION
VENT SCREEN**

- Protects vent system from clogs
- Type 304 stainless steel screen
- Slotted channel allows for condensation drainage
- Prevents pests and debris from entering vent
- Connects to PVC fitting for flush installation-no glue necessary

Item #	Description	Price 1	Price 2
53-380	2"	12.22	10.75
53-381	3"	15.85	13.95
53-382	4"	21.02	18.50

55-110	8" O.D. 1/4" Thick	14.76	12.99

ADJUSTABLE FLOOR DRAIN COVER 3-1/4"–6-3/4"

- 14 gauge stainless steel
- Four adjustable bolts
- Replaces old black cast iron covers

Item #	Description	Price 1	Price 2
53-295	7-1/4" Diameter	28.35	24.95

Sioux Chief PLASTIC FLOOR DRAIN

(800-P)

- Conforms to ASTM D-2665-PVC
- 2" tapped with 1-1/2" concealed cleanout & 2" HUB outlet

Item #	Description	Price 1	Price 2
53-291	2" PVC White	22.67	19.95

SEAL DRAIN TRAP SEALER

(552009)

- Stops floor drain odors and bugs
- Waterless trap protection
- Great for new construction and retro-fit

Item #	Description	Price 1	Price 2
53-232	2" Sure Seal Sealer	79.49	69.95

SEAL DRAIN TRAP SEALER

(553000)

- Stops floor drain odors and bugs
- Waterless trap protection
- Great for new construction and retro-fit

Item #	Description	Price 1	Price 2
53-233	3" Sure Seal Sealer	79.49	69.95

SEAL DRAIN TRAP SEALER

(553509)

- Stops floor drain odors and bugs
- Waterless trap protection
- Great for new construction and retro-fit

Item #	Description	Price 1	Price 2
53-234	3-1/2" Sure Seal Sealer	79.49	69.95

SEAL DRAIN TRAP SEALER

(554009)

- Stops floor drain odors and bugs
- Waterless trap protection
- Great for new construction and retro-fit

Item #	Description	Price 1	Price 2
53-235	4" Sure Seal Sealer	85.17	74.95

WATER HEATER REPAIR

UPPER WATER HEATER THERM-O- DISC STYLE THERMOSTAT

(8166)

- Energy efficient range settings
- Built in safety switch to prevent overheating
- All thermostats are adjustable

NEW

Item #	Description	Price 1	Price 2
44-349	Upper Thermostat	22.67	19.95

LOWER WATER HEATER THERM-O-DISC STYLE THERMOSTAT

(8123)

- 1 year warranty
- Lower thermostat, single pole

NEW

Item #	Description	Price 1	Price 2
44-347	Water heater Thermostat	11.31	9.95

PLUMBERS PACK THERM-O-DISC STYLE THERMOSTAT WITH TWO ELEMENTS

(7013)

- Contains one Therm-O-Disc lower thermostat
- Contains one Therm-O-Disc upper thermostat
- Contains two 240V/4500W high watt density screw-in type water heater elements
- Simplifies electric water heater diagnostics and repair

NEW

Item #	Description	Price 1	Price 2
44-341	Plumber's Pack TOD Thermostats	79.03	69.55

WATER HEATER

COMBINATION HIGH LIMIT UPPER APCOM STYLE THERMOSTAT

(7863)

- Energy efficient range settings
- Built in safety switch to prevent overheating
- All thermostats are adjustable

Item #	Description	Price 1	Price 2
44-342	Upper Thermostat	22.67	19.95

LOWER WATER HEATER APCOM STYLE THERMOSTAT

(7723)

UL approved — one year warranty

Item #	Description	Price 1	Price 2
44-340	Lower Thermostat, Single Pole	11.31	9.95

COMBINATION HIGH LIMIT SINGLE ELEMENT APCOM STYLE THERMOSTAT

(7843)

- For single element
- Energy efficient range settings
- Built in safety switch to prevent overheating
- All thermostats are adjustable

Item #	Description	Price 1	Price 2
44-343	Single Thermostat	22.67	19.95

UNIVERSAL THERMOCOUPLES

- Replaces all standard thermocouples in water heaters, central furnaces, RV heaters and many space heaters

LIME-LIFE ELEMENT SCREW-IN

13-1/2" Length 240 Volt 4500 Watts

Highest grade nickel and chromium.
An ultra low-watt density element, the Lime-Life is designed to heat in lime and sand build-ups that will burn out ordinary elements. The Lime-Life also works best in areas where water has a high mineral content. Because of its sheath, the Lime-Life will even withstand dry-firing, one of the main reasons other elements fail.

Item #	Description	Price 1	Price 2

WATER HEATER SAF-T-PAN

MADE OF HI-DENSITY
POLYETHYLENE OR ALUMINUM

- Virtually indestructible
- Comes with 1" drain
- Will not rust or corrode
- Will withstand temperatures from - 40°F to 250°F
- Eliminates water damage from leaking water heaters
- Can be hooked up to pass all codes

**SOLD IN BOX
QUANTITIES ONLY**

Item #	Description	Box Qty	Price 1	Price 2

Definite Purpose Contactors

- Designed to control air conditioning, refrigeration and resistance heating loads
- Ranges: 20 to 90 Full Load Amps (FLA)
- Poles: 1-1/2 to 3
- Coil Voltages: 24, 120 & 208/240
- Universal mounting base allows easy replacement of other manufacturers' devices
- Molded enclosed, replaceable coil structures
- Optional field installed auxiliary contacts available

20 - 40 FULL LOAD AMPS / 1.5 & 2 POLES FEATURES

- The coil and each power pole are supplied with two 1/4" quick connect terminals.
- Standard 20 - 30 FLA contactors feature hex screws with #2 Phillips / slotted heads.
- Standard 40 FLA contactors include box lugs.

Item #	Description	Price 1	Price 2
46-100	Hot Surface Igniter	33.81	29.75

**DIRECT REPLACEMENT
HOT SURFACE IGNITERS**

- Strong design using more silicon carbide with deeper crystallization
- New slip fit kits, slide-in lock and go!
- Non-positional, double helix design - smoother ignition

MECHANICAL THERMOSTAT

- Heat/Cool
- For use with most 4- or 5-wire 24 VAC systems and single-stage heat pumps
- Adjustable heat anticipator
- Terminations: RC, RH, W, Y, G, O, B

Item #	Description	Price 1	Price 2
46-290	Horizontal Thermostat	28.98	25.50

MECHANICAL THERMOSTAT

- Heat/Cool
- For use with most 4- or 5-wire 24 VAC systems and single-stage heat pumps
- Adjustable heat anticipator
- Terminations: RC, RH, W, Y, G, O, B

Item #	Description	Price 1	Price 2
46-291	Vertical Thermostat	26.70	23.50

FOR SINGLE-STAGE HEAT PUMPS

- Electronic digital accuracy
- Large, easy-to-read LCD
- Filter change indicator
- No programming required
- No leveling required
- Terminations: RC/O, RH/B, Y, W, G, R
- Bimetal freeze protection

Item #	Description	Price 1	Price 2
46-293	Digital Thermostat	48.30	42.50

5 DAY/2 DAY PROGRAMMING, 4 PERIODS PER DAY FOR CONVENTIONAL HEAT/COOL OR SINGLE-STAGE HEAT PUMP SYSTEMS

- Adjustable cycle rate
- Pre-programmed
- Easy "Front Load" battery access
- Filter Monitor
- Up-opening door
- Mechanical low temperature protection
- Two-stage low battery with fail safe protection
- Also Compatible with Most: Single-stage heat pumps
- Terminations: G, RC, RH, Y/O, WB, Y1

Item #	Description	Price 1	Price 2
46-294	5/2 Programmable Thermostat	56.76	49.95

UNIVERSAL EVAPORATOR FAN MOTOR KIT - 120 VAC

- 120 VAC, 3000 RPM, 1/200 HP
- .31 AMP impedance protected
- Prefastened multi fit, break-off mounting bracket
- Break off 2" motor shaft with breakaways at 1/2" and 1-1/2"
- Includes all mounting accessories and hardware
- Reversible rotation
- Single speed applications
- Replaces over 450 different evaporator type motors
- Direct replacement for the GEM 240 Series, Mars 90999 and Robertshaw 33-110, 33-112 & 33-114

Item #	Description	Price 1	Price 2
46-380	Universal Evaporator Fan Kit	21.31	18.75

FOOT MOUNT TRANSFORMERS

A COMPLETE LINE OF CONTROL TRANSFORMERS DESIGNED FOR HVAC/R APPLICATIONS.

- Foot or Multi-mount
- Output from 20 - 100 VA
- A multitude of Primary and Secondary combinations
- Circuit breakers and fuses where noted

Item #	Primary V	Secondary V	Output VA	Breaker/Fuse	Mount Type	Price 1	Price 2
46-460	120/208/240/480	240	100	Breaker	Foot	49.94	43.95
